TWO HELD FOR SELLING LIQUOR

Greely Perkins and Frank Butts Will
Have to Answer to Charges in
Police Court Monday.

POLICE ACTIVE ON HOLIDAY

Chief Rosencrance is Witness to Sale
or Exchange For a Pint of
Whiskey—Other Evidence.

Two alleged "bootleggers" will be given a hearing Monday afternoon before Mayor Bebout. They are Greeley Perkins and Frank Butts. Perkins will be given a hearing at one o'clock and the trial of Butts is scheduled for one hour later. Both men were arrested Christmas day and the police believe they have good cases against the two men, especially Butts.

If the men thought the police would not be active on Christmas day they were mistaken. The two men were not arrested together and the offenses are separate. Perkins was the first on arrested. Chief Rosencrance was a witness to a sale or exchange for a pint of whiskey. The money was passed between Perkins and a man, who lives out of the city.

When confronted with the evidence the man admitted purchasing the booze of Perkins and will be an important witness for the state. When told what the police knew of the transaction he turned on Perkins and was willing to tell all he knew. The police have not told his name.

The case against Butts is said to be even stronger than the one against Perkins. Mrs. Clara Gregg filed the charge against Butts and after his arrest down in town Friday morning the police searched his house in West Water street and found some evidence. Mrs. Gregg bought whiskey of Butts and went home intoxicated.

Mrs. Gregg's parents, Mr. and Mrs. Jude Levi told the police and then she told them all she knew. When arrested Butts had two half pint bottles full of whiskey, which led the police to believe that he had them ready to "peddle." At the Butts home the police only found a quart of whiskey and a case of beer. They did find, however, a case of empty half-pint whiskey bottles and several order blanks for shipments.

Both men are charged with selling intoxicating liquors without license.

RUSHVILLE LOST.

Milroy defeated Rushville Thursday night on the Milroy floor 31 to 24. The game was very rough and playing on a treacherous cement floor the local team was greatly handicapped. Staples was the star for Milroy. The Rushville team was slightly over-confident but the floor was the greatest draw back. The team is not offering this as an alibi.

WAS GIVEN A CHAIR.

The teachers of Jackson township presented Oliver M. Siler, the retiring trustee with a fine rocking chair Christmas. The gift was highly appreciated by Mr. Siler. The following teachers in Jackson township gave him the chair: William Barlow, Miss Nora Jones, Miss Maude Jones, Miss Minnie Murphy, Miss Inez Stager, Miss Nellie Hays and Charles DeMunbrum.

A marriage license was issued Thursday to Noel D. Waggoner and Cassie L. Walker. He lives in Hancock county and she is the daughter of Mr. and Mrs. Mathew Walker.

CHANGE OF VENUE GRANTED

Asked in Case Set for Today Just
as Trial is Ready to Begin.

The trial of the case of Maggie L. Workman et al., against Charles H. Foust, ended this morning as far as the local court is concerned when the defendant asked for a change of venue and the case was sent to Hancock county. The case was to have started this morning and Fred Gauze of Newcastle, who was acting as special judge, was on the bench when the motion was filed. He granted the change and gave them ten days to perfect it. It is a partition and quiet title suit and was tried here once before, the jury disagreeing.

MRS. JOE LYDEN IS DEAD AT PERU

Former Rushville Woman Expires
Unexpectedly of Diabetes at Age
of 31, Christmas Day.

BODY WILL BE BROUGHT HERE

Mrs. Grace Lyden, formerly of this city, wife of Joe Lyden, who once lived here, died at her home in Peru, Indiana, yesterday morning at 7:46 o'clock of diabetes. Mrs. Lyden was about thirty-one years of age and was the daughter of the late Mrs. James Frazee, who died several months ago. According to word received here, the body will arrive in Rushville next Monday at 11:39 and burial will take place in East Hill cemetery following services at the chapel conducted by the Rev. A. W. Jamieson.

Mrs. Lyden has been suffering with diabetes for some time, but her death occurred very unexpectedly. She and Mr. Lyden were married here sixteen years ago yesterday and lived here until twelve years ago, when they moved to Marion. A year later they separated, and after living apart more than ten years, they were remarried last March. Miss Katherine Lyden, a sister of Joe Lyden, went to Peru yesterday when news of the death was received.

LINES ON RUNAWAY HORSE COME IN TWO

Mr. and Mrs. Omer Gartin, in Sleigh,
Were Helpless But Escaped
With Slight Injuries.

WERE THROWN OUT AT CORNER

Mrs. Omer Gartin was painfully, but not seriously hurt in a thrilling runaway this morning. Mr. and Mrs. Gartin were driving north in Main street in a sleigh and when near the residence of R. J. Wilson, the horse frightened at some boys coasting down the hill. Mr. Gartin was unable to control the animal and it dashed madly down through the business district. In trying to get the horse under control Mr. Gartin broke both lines and both he and his wife were held in the sleigh helpless.

In attempting to make the turn at the corner of First and Main streets the sleigh turned over and both Mr. and Mrs. Gartin were thrown heavily to the pavement. Mrs. Gartin escaped with several severe bruises and he was uninjured. The runaway was the most sensational seen here in some time and attracted a great crowd of people.

DID YOU — ?

In summer time it's "What's the score?"
That greets us through the busy day;
And lately there's bobbed up the bore,
Who queries, "Cold enough today?"
But now a new one's all the rage,
It's heard in every part of town,
And all our minds it does engage—
"Great weather, this; did you fall down?"

Perhaps you were a lucky one,
Who kept his footing in the sleet
To you it seemed like lots of fun,
When skyward shot some fat man's feet,
And all about the air was blue,
And he was blue from heels to crown;
And to his aid you swiftly flew,
And grinning, asked: "Did you fall down?"

Now some will fall and some will rise,
If this bad weather lasts awhile,
But he who should receive a prize
Is he who falls and still can smile,
And calmly rises to his feet
And not hand out a threatening frown,
If some friends him should greet
With, "Hello Bo, did you fall down?"

GOOD FELLOWS DO WORK WELL

Largest Number of Children Ever
Cared For on Christmas Day Were
Remembered This Year.

NEW MEMBERS IN THE LEAGUE

They Make Possible Better Gifts in
Spite of Fact That More Little
Folks Are Needy.

The Good Fellows League did a better job of spreading Christmas cheer this year than ever was done in the history of Rushville, is the opinion of those who are in touch with the situation.

Best estimates of the number of children remembered by the members of the Good Fellows League place it at three hundred. This is a larger number than ever was cared for on any Christmas in Rushville. There were more children without prospects of any Christmas cheer this year, the records show now, and this was in accordance with early predictions.

The Elks lodge was a new member of the Good Fellows League this year and contributed more than any other organization or body of individuals to make the poor children of the city happy. They did not deliver any gifts until yesterday morning because they took more names the day before Christmas and by the time they had called on them and found their wants, they had no time to deliver before Christmas day.

The fact that the Elks came to the front so nobly and that the Tri Kappas were Good Fellows to a much larger number than they were before even though the number was the largest on record. The Tri Kappa sorority alone filled the Christmas wants of sixty children. The girls systematized the work by forming committees to buy, wrap and deliver so that no great amount of work fell on anyone's shoulders.

Much credit, too, is due to the members of the Psi Iota sorority. They announced early before Christmas that they had no funds to help poor little folks because they were too much occupied with selling Red Cross Christmas seals here in Rushville, but that they were willing to do

Edwin Reynolds, Pioneer of Henry
County and Resident of
Straughn, Dies Christmas Eve.

FUNERAL SUNDAY MORNING

Edwin Reynolds a pioneer of Henry county, and for over 40 years, a resident of this place, was taken suddenly ill Christmas eve and died in a very short time apparently stricken with paralysis, with which he had been afflicted for more than 17 years. He had recovered to a remarkable extent, and until a month ago, was able to get about and mingle with friends. Frank Reynolds, of this city was his only son. He was about eighty years old.

About Thanksgiving time he suffered a recurrence of the paralytic trouble in a slight stroke, but had recovered from this, to the extent that he was in good spirits and Thursday conversed and joked with the family in his usual pleasant mood, accepting at the supper table Christmas eve, a bouquet of flowers sent by the Knights of Pythias, and which he appreciated very much tendering his sincere thanks for same to the bearer. The funeral will be held at the Christian church, Straughn, Sunday morning at 10 o'clock. Burial in Lewisville cemetery.

Mr. Reynolds was also the step-father of Mrs. Anna B. Cox of this city and Marshall Starr, who is well known here. Mr. Reynolds was at his father's home to spend Christmas when he died.

HE TOOK A KNIFE TO BED WITH HIM

Tim McGrath Said he Was Afraid to
go to Sleep Without Protection—
Mayor Didn't Believe It.

WIFE'S CHARGE AGAINST HIM

Tim McGrath took a knife to bed with him Christmas eve because as he explained it to Mayor Bebout this afternoon, he didn't want to sleep with the door and windows open in "that end of town" without some protection. His explanation was not received by Mayor Bebout and Tim went to jail for eleven days to lay out a fine of one dollar and costs for drawing deadly weapons.

The charge against McGrath was filed by his wife, who claimed he threatened to "cut up" on her. Mrs. McGrath said she was afraid of Tim and filed the charge. Tim admitted that he had been drinking. McGrath and his wife have had more or less trouble for the past year and as Tim was being led out of the court room said: "I'll bet you never see me back there again," meaning his wife's home.

United States Marshal Storen arrested forty-six Christmas night. More than one hundred indictments have been returned.

Denny Shea, sheriff of Vigo county, surrendered to Marshal Storen here today when he heard that there was a capias out for him.

United States Marshal Storen and fifty deputies and guards sworn in for the purpose arrested forty-six men on charges that, when stripped of technical verbiage, mean they conspired to corrupt the last election and thus violated the United States laws.

Christmas night the federal authorities had arrested nineteen men by midnight. It was said at the time by the authorities that this was only the beginning as there were about one hundred arrests to be made as the result of the grand jury investigation. The first nineteen arrested were:

Otto Trappier, Edward Ethington, Henry Nolton, Charles Yackle, Ed Merritt, David Hanna, Joseph Jeffers, John Burns, John Daily, Thomas McCarty, William Moore, Paul Dennis, Henry Bennet, Lucioe Baker, George Rouse, John F. On Monday evening, Dec. 28, "Kitty MacKay" the greatest comedy success of last year in New York, and direct from a two months' engagement at the Princess Theater, Chicago, will begin a short run of three nights, with a popular priced "Souvenir" matinee on Wednesday, Dec. 30 at the Murat theater, Indianapolis.

This is William Elliott's original production of Catherine Christolm, Cushing's mirthful romance, which was first presented at the Comedy Theater in New York at New Year's; the company is the same, and is headed by Molly McIntyre.

Mrs. Cushing's play is a refreshing interlude in the discordant jangle of sex-drama, plays of oppression and graft, and plays for the mad race for power. Metropolitan critics enthusiastically reviewing the play and performance, declared that "Kitty MacKay" was nothing less than a new Cinderella, of the fairytale in a new guise.

"Kitty," a waif is adopted by a narrow minded and selfish Scotch family, grows to a beautiful and healthy majority despite many blows, more curses, and the lack of all luxuries and most of the necessities of life. In this period of childhood oppression, however, she achieves the practical and at moments pathetic philosophy which carries her through all her bitter years and steels her heart as well against the more insidious but equally certain influence of ostentatious prosperity.

Mrs. Cushing has evolved suspended interest of the most absorbing nature in her treatment of this story. It is a love story which for sincerity and charm has few equals in modern drama. To every woman attending the Wednesday matinee at the Murat the occupying an orchestra seat, a beautiful "Souvenir" of the play will be given with the compliments of the management. At this performance popular prices of \$1 for the best seats in the house will prevail.

The Best Guarantee You Can Get

with any article is the Unwritten Guarantee. The guarantee that years of satisfactory service has made. If you want a flowery guarantee written with gilded ink on fine bond paper, buy a fraud. If is necessary for the fraud to guarantee you a lot of richly painted stuff in order to get your business. Do you want a guarantee with a Stetson Hat, A Singer Sewing Machine or a Packard Automobile? No, you don't. Why? Because you know these articles are right and always have been, and if you were to buy one of these articles that was wrong it would be made right without any argument. Nice satisfactory way to do business ain't it. Do you know of any one with one of our buggies that is not satisfied, that thinks he got a dirty deal, that thinks he paid for something he didn't get, or thinks we are rough to do business with? If you know a man of this kind we want to see him because every buggy we sell has to be satisfactory. That is why your neighbors buy their buggies from us. They know—they have had the experience and realize the fact that buying their buggies of us means satisfaction. We have a nice line of **STORM BUGGIES** for you to make a selection from and want you to see them before you buy, then if you buy one of our buggies you will be a satisfied customer the rest of your life. Watch our satisfied customers make our Buggy business grow.

MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder bothers—Meat forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

REPUBLICANS IN FINE POSITION

Their Gains in Last Election Carry
Party into Strong Place in Ind-
iana Especially

THIS MEANS MANY INSPECTORS

Peculiar Situation in Wayne County
Because of Make-up of County
Commissioners.

Interesting statistics showing the
remarkable gains made by the re-
publicans at the November election
in the matter of the number of town-
ship trustees elected throughout the
state have been compiled by L. W.
Henley, secretary of the Republican
state committee.
The statement shows the total
number of voting precincts in each
county, the number of townships, the
number of Republican trustees elect-
ed, the number of Democratic trust-
ees, and the number of Progres-
sive trustees. It also shows how
many election inspectors the Repub-
licans, Democrats and Bull Moose
will have at the 1916 election.
At the recent election 427 Republi-
can candidates for township trustees
were successful at the polls, 549
Democrats and 37 Progressives. The
office of the trustee in one township
in Sullivan county is still in doubt
as a contest is pending. The Repub-
licans elected township trustees in
every county in Indiana, with three
exceptions, and the Democrats elect-
ed trustees in all except two counties.
The Republicans were shut out in
Adams, Blackford and Boone, while
the Democrats were shut out in Ver-
million and Union.
It was a "dag fall" between the
Democrats and Republicans in Cass,
Clinton, Dearborn, Jefferson, Miami,
Monroe, Pulaski and Rush each
party obtaining half of the trustees.
The Republicans made their greatest
showing in Kosciusko and Laporte
counties, electing 14 out of 17 trust-
ees in the former and 14 out of 21
in the latter. The Democrats elect-
ed 15 out of 20 trustees in Allen
county.
For the first time in the history of
the county, Franklin will have a Re-
publican county superintendent of
schools. In Fayette and Hamilton a
Progressive trustee will hold the bal-
ance of power when the time arrives
to select a superintendent of the
county schools.
Since the election several of the
trustees who were elected as Pro-
gressives, publicly announced their
return to the Republican party. The
lone Progressive elected trustee in
Vigo county the next day after elec-
tion, announced that he was again a
Republican.
Township trustees, by virtue of
office, act as election inspectors in
their home precincts. The remaining
election inspectors are chosen by the
board of county commissioners. At
the election in 1916 the election in-
spectors will be divided as follows:
Democrats, 1,948; Republicans, 1,
164; Progressives, 37.
It is impossible at this time to de-
termine the political affiliations of
forty-nine election inspectors who
will serve at the 1916 election in
Wayne county, as the board of coun-
ty commissioners in that county at
that time will consist of one Republi-
can, one Democrat and one Pro-
gressive.

Bia Writes: "I have a bad cold in
my throat. What shall I do for it.
Please? Also, by what means can
I break up a cold in its infancy next
time? What about quinine? Is as-
perin good?"

Reply—The way to cure a cold is
not to have a cold. This is not a
paradox. I mean that we catch
colds because we do not take care of
ourselves. You can cure a cold by
living much in the open air, eating
plain food, keeping the bowels open
and living rationally. The only way
to break up a cold in its infancy is
to get plenty of fresh air and other-
wise conduct yourself as just stat-
ed above. Don't take asperin. It
is a heart depressant and will do you
harm. People everywhere are taking
asperin for colds nervousness, etc.,
and mark my word, this universal
taking of asperin will increase the
number of cases and deaths from
heart disease. Quinine is not good
for colds except as it might make
an impression upon one's mind. If
you take quinine and think you are
getting better on account of it, that
will be some comfort, but the cold
is not affected. Nearly all colds

are self-limited, that is they get well
of themselves. If you have chronic
catarrh or constant trouble with
your throat, I advise you to consult
a good nose and throat specialist.

Nora Writes—"Can you suggest a
way to remove blackheads from the
face? What causes them, please?"

Blackheads are coagulated lymph
which fills up large pores in the skin.
They are evidences of poor health.
The disfigurement due to them can be
much relieved by pressing them out
and rubbing over the region a lotion
as follows:

Lime water 7 drams, Calomel 5
grains, Carbolic acid, 5 drops,
Glycerine to make one ounce.

Be sure to tell the druggist to put
these articles together in the order
named as this make a very great deal
of difference. The reason you have
blackheads is because your metabo-
lism is meant the building up and
tearing down processes of the body.
You are not nourished properly. You
do not get enough air.

AUTO MYSTERY IS UNSOLVED

Big White Touring Car Visits Seymour for Third Time But Occupants are Unknown

MEN WANT GIRLS TO JOY RIDE

Attempted to Entice Them Into Machine and in One Case Used Force But She Screamed

(By United Press.)

Seymour, Ind., Dec. 26.—For the third time the "auto of mystery" has visited this city but the police have been unable to ascertain the names of its occupants or its mission here. It is a big white touring car and is always closely curtained. It appears upon the streets about dusk just before the street lamps are lighted and has never been seen during the day time or after the streets are illuminated. On each occasion one man occupies the rear seat and the other is in charge of the wheel. The car does not belong to Seymour and its occupants are strangers here.

Each time the car has been in the city the men have endeavored to entice young girls to ride with them. The man in the rear seat is always the aggressor and after the machine is driven past a young lady several times so that her attention is attracted the man politely doffs his hat. The machine is then stopped close to the curb and the invitation to take a ride is given the girl. One young lady who was approached refused and the men endeavored to force her into the machine. She screamed and was then released. The machine was rapidly driven away. Although many girls have been stopped none of them have consented to ride.

It was reported that the machine was also seen at Columbus but the police there say they have no reports of any girls being stopped. The local officers have not been able to find out where the machine or its occupants remain over night and it is thought that after each visit they leave the city immediately. The number of the car could not be seen by any of the girls who were stopped.

Time has strengthened the evidence. Has proven the result lasting.

The testimony is home testimony—The proof convincing. It can be investigated by Rushville residents.

Harrison Levi, 931 North Sexton street, Rushville, Ind., says: "I had to get up several times at night to pass the kidney secretions, which were sometimes attended with pain. I had severe backaches, too. I finally got Doan's Kidney Pills at Johnson & Co.'s Drug Store and it did not take them long to make me well. The pains left and the action of my kidneys became regular."

HEALTH BOARD WANTS CHANGE

Radical Law is Proposed And May Come Before Session of State Legislature

STATISTICS ARE PREPARED

Want 103 All-Time Trained Officers Instead of Present System With 533 Men

(By United Press.)

Indianapolis Dec. 26.—With the Indiana state legislature about to convene, the state board of health is prepared to ask for a radical change in the state's method of fighting disease. Statistics compiled in the office of the state board of health and transformed into money values on the basis that a life is worth \$5,000, the average court value, are startling. They show that the loss through preventable disease in one year is approximately \$57,000,000. The state board declares that to master the situation, a large corps of trained men who give their whole time to the work, should supplant the county health officers who are poorly paid and give part time.

"Give us 103 all-time trained health officers in the place of 533 part-time untrained ones now employed, then, at practically the same cost, we will save four or five thousand lives annually and prevent a proportionate amount of sickness and disease. The money saving will be not less than \$10,000,000 annually," says a statement prepared by the state board.

Quoting Disraeli to the effect that "The care of the public health is the first duty of the statesman," the board cites a few of the statistics. The deaths from preventable diseases in 1913 were by actual count 11,539. The average court cost of a human life is \$5,000. Then the loss in that year was \$57,685,000, the board reasons.

"Hygiene can prevent 70 percent of these deaths, hence we permit 8,000 unnecessary deaths annually in Indiana. This is a shameful loss equivalent to the destruction of one city like Connersville, or Valparaiso or two cities like Boonville and Tipton," says the statement. The savings possible to the state are then \$43,283,500, according to the board.

The statement then takes up sickness that is preventable and says that there were 115,950 cases of preventable disease which recovered. If each case cost \$10, a low estimate, then a further cost and loss of \$1,253,900 appears. The total annual loss to Indiana through preventable disease is then placed at \$44,398,890.

"This is an awful loss," the statement continues, "and incompetency only can explain it. But let us discount it to satisfy any carper who might object. Instead of estimating the loss at \$44,398,890 just call it \$20,000,000, although a banker and two business men all widely known said not to do so."

"To save \$20,000,000 or even \$1,000,000 is certainly worth while. Shall an effort be made, or shall we permit the loss to continue?"

The plea is then made for the corps of 103 trained men to work under the state board's direction and to give their entire time to the prevention of disease.

The state board of health calls upon the good citizenship of the state to use its influence in this "safety first" idea in order that disease prevention may be placed on a systematic basis.

DRESDEN SAID TO BE IN IT

(By United Press.)

Buenos Aires, Dec. 26.—No confirmation had been received here early today of wireless reports from the Chilean torpedo destroyer Tome that a battle was fought twenty miles off Valparaiso between the British cruiser Newcastle and German vessels. One of the German ships, it was stated, was supposed to be the Dresden. The wireless report was based upon firing which was heard by officers of the Tome. Chilean reports today declared that the presence of a Japanese fleet in the Pacific off the west coast has been confirmed.

by Judge Anderson to reject or approve bonds for the men. The bonds were fixed by the Federal judge and range in amount from \$2,500 to \$10,000. The squads of deputies enlisted by the marshal began their search for the men named in the indictments shortly after 6 o'clock in the evening, the plan of action having been carefully mapped out.

Charges against the men for whom warrants were issued are sensational. It is alleged that they violated the Federal statutes by interfering with an election at which candidates for United States senator and representative were elected. The indictment charges that the men conspired to vote men who had no right to vote, that they used the mails illegally in soliciting a "slush" fund, and that they conspired to keep qualified

voters away from the polls. The arrests are the result of a long investigation by the Federal Grand Jury, and it is expected that the trial of the men under indictment will develop startling details.

The indictment returned against the Terre Haute politicians contains a general charge of conspiracy based on four counts. The charge against each man is the same but the indictment charges various over acts of the alleged conspiracy to different persons.

The Federal authorities took cognizance of the situation at Terre Haute on account of reports of wholesale fraud in the notorious tenderloin district there. The government stepped in because of the charge that there was an interference with the rights of people who presented themselves to cast a vote for candidates for the United States Senate and the House of Representatives.

The indictment covers about 200 closely typewritten pages and contains a startling story. District Attorney Daily would not give out any of the evidence obtained by the grand jury, but it is known that many of the witnesses made confessions implicating themselves and others.

It is said that several of the alleged gangsters arrested and brought here in November on the charge of interfering with the election at Terre Haute made confessions to District Attorney Daily and the grand jury before they were admitted to bail. It is said also that men connected closely with the Roberts machine at Terre Haute hastened to the grand jury and confessed when they heard it intimated that the jury was about to return many indictments.

CLOCK'S WORKS ARE FROZEN UP

Cold Weather Affects Timepiece on Court House and Delays Hands For About Ten Minutes.

IS EXPLAINED BY CUSTODIAN

Cold Wave is Little Late in Arriving But it Finally Gets on Job—Christmas Day Cold.

The court house clock was eight minutes slow to the dot this morning and caused a number of persons to miss trains and I. & C. traction cars. Joe Dickman, custodian of the court house, explained that the loss of time was due to the cold weather. He recalled that there had always been considerable difficulty in regulating the clock in the winter when the temperature was down low. He says that the oil on the clock freezes and retards the works of the clock. Mr. Dickman says that custodians in the past have had the same difficulty.

It has been suggested to Mr. Dickman that he arrange some way to heat the glass room which encloses the clock. The little room is about six feet wide eight feet long and seven feet high. He was asked to place coal stoves there but he thought that would be dangerous.

Another suggestion regarding the heating of the room which houses the clock was made this morning. A Rushville business man asked if it would not be possible to run a pipe from the nearest point on the steam heating system in the court house to the room and thus prevent the works of the clock from freezing. It is generally believed that not another safe method could be suggested.

That the court house clock be kept correct is very important as a great number of persons depend on it for their time. In one sense of the word, the court house clock is Rushville's clock, by which Rushville, goes to bed, gets up in the morning, eats meals and catches trains. For it to be as much as five minutes behind time may cause a large number of people great inconveniences.

For this reason the question of heating the clock room will likely be called to the attention of the county board of commissioners for their consideration. But while the clock was freezing up, it had nothing on most everything else, in Rushville. Most people, when they arose from their warm beds this morning, were certain in their own minds that this morning was the coldest of the winter. But when they looked at the thermometer they found they were mistaken. 10 degrees below is the low mark of the winter and this morning the lowest temperature reported was six below zero.

The weather man predicted a cold wave for Christmas day. The wave was on the way all right but it did not arrive until last night. There was not a very great change in temperature Christmas eve but Christmas morning it began to get colder and there was a steady decline in the temperature all day long. By eleven o'clock the mercury has descended to nineteen degrees above zero and was still going down and last night at seven o'clock the temperature was near zero.

Christmas day was generally celebrated in the homes of Rushville and not many people ventured out of doors because of the extremely cold weather. There were no special services at any of the churches.

The regular meeting of the Young Peoples Bible Class and Social Club of St. Paul's M. E. church will not be held next week.

The Hannigan Christian church has called E. B. Seefield to preach there the first and third Sundays monthly during 1915. He will occupy the pulpit the first Sunday in January, both morning and evening. Everybody is cordially invited.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's recipe to bring color, lustre and thickness to hair when faded, streaked or gray.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage-Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggy, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.

TWO HELD FOR SELLING LIQUOR

Greely Perkins and Frank Butts Will
Have to Answer to Charges in
Police Court Monday.

POLICE ACTIVE ON HOLIDAY

Chief Rosencrance is Witness to Sale
or Exchange For a Pint of
Whiskey—Other Evidence.

Two alleged "bootleggers" will be given a hearing Monday afternoon before Mayor Bebout. They are Greely Perkins and Frank Butts. Perkins will be given a hearing at one o'clock and the trial of Butts is scheduled for one hour later. Both men were arrested Christmas day and the police believe they have good cases against the two men, especially Butts.

If the men thought the police would not be active on Christmas day they were mistaken. The two men were not arrested together and the offenses are separate. Perkins was the first on arrested. Chief Rosencrance was a witness to a sale or exchange for a pint of whiskey. The money was passed between Perkins and a man, who lives out of the city.

When confronted with the evidence the man admitted purchasing the booze of Perkins and will be an important witness for the state. When told what the police knew of the transaction he turned on Perkins and was willing to tell all he knew. The police have not told his name.

The case against Butts is said to be even stronger than the one against Perkins. Mrs. Clara Gregg filed the charge against Butts and after his arrest down in town Friday morning the police searched his house in West Water street and found some evidence. Mrs. Gregg bought whiskey of Butts and went home intoxicated.

Mrs. Gregg's parents, Mr. and Mrs. Jude Levi told the police and then she told them all she knew. When arrested Butts had two half pint bottles full of whiskey, which led the police to believe that he had them ready to "peddle." At the Butts home the police only found a quart of whiskey and a case of beer. They did find, however, a case of empty half-pint whiskey bottles and several order blanks for shipments.

Both men are charged with selling intoxicating liquors without license.

RUSHVILLE LOST.

Milroy defeated Rushville Thursday night on the Milroy floor 33 to 24. The game was very rough and playing on a treacherous cement floor the local team was greatly handicapped. Staples was the star for Milroy. The Rushville team was slightly over-confident but the floor was the greatest draw back. The team is not offering this as an alibi.

WAS GIVEN A CHAIR.

The teachers of Jackson township presented Oliver M. Siler, the retiring trustee with a fine rocking chair Christmas. The gift was highly appreciated by Mr. Siler. The following teachers in Jackson township gave him the chair: William Barlow, Miss Nora Jones, Miss Maude Jones, Miss Minnie Murphy, Miss Inez Stinger, Miss Nellie Hays and Charles DeMunbrum.

A marriage license was issued Thursday to Noel D. Waggoner and Cassie L. Walker. He lives in Hancock county and she is the daughter of Mr. and Mrs. Matthew Walker.

CHANGE OF VENUE GRANTED

Asked in Case Set for Today Just
as Trial is Ready to Begin.

The trial of the case of Maggie L. Workman et al., against Charles H. Foust, ended this morning as far as the local court is concerned when the defendant asked for a change of venue and the case was sent to Hancock county. The case was to have started this morning and Fred Gauze of Newcastle, who was acting as special judge, was on the bench when the motion was filed. He granted the change and gave them ten days to perfect it. It is a partition and quiet title suit and was tried here once before, the jury disagreeing.

MRS. JOE LYDEN IS DEAD AT PERU

Former Rushville Woman Expires
Unexpectedly of Diabetes at Age
of 31, Christmas Day.

BODY WILL BE BROUGHT HERE

Mrs. Grace Lyden, formerly of this city, wife of Joe Lyden, who once lived here, died at her home in Peru, Indiana, yesterday morning at 7:40 o'clock of diabetes. Mrs. Lyden was about thirty-one years of age and was the daughter of the late Mrs. James Erazee, who died several months ago. According to word received here, the body will arrive in Rushville next Monday at 11:30 and burial will take place in East Hill cemetery following services at the chapel conducted by the Rev. A. W. Jamieson.

Mrs. Lyden has been suffering with diabetes for some time, but her death occurred very unexpectedly. She and Mr. Lyden were married here sixteen years ago, yesterday and lived here until twelve years ago, when they moved to Marion. A year later they separated, and after living apart more than ten years, they were remarried last March. Miss Katherine Lyden, a sister of Joe Lyden, went to Peru yesterday when news of the death was received.

LINES ON RUNAWAY HORSE COME IN TWO

Mr. and Mrs. Omer Gartin, in Sleigh,
Were Helpless But Escaped
With Slight Injuries.

WERE THROWN OUT AT CORNER

Mrs. Omer Gartin was painfully, but not seriously hurt in a thrilling runaway this morning. Mr. and Mrs. Gartin were driving north in Main street in a sleigh and when near the residence of R. J. Wilson, the horse frightened at some boys coasting down the hill. Mr. Gartin was unable to control the animal and it dashed madly down through the business district. In trying to get the horse under control Mr. Gartin broke both lines and both he and his wife were held in the sleigh helpless.

In attempting to make the turn at the corner of First and Main streets the sleigh turned over and both Mr. and Mrs. Gartin were thrown heavily to the pavement. Mrs. Gartin escaped with several severe bruises and he was uninjured. The runaway was the most sensational seen here in some time and attracted a great crowd of people.

In summer time it's "What's the score?"

That greets us through the busy day;

And lately there's bobbed up the bore,

Who queries, "Cold enough today?"

But now a new one's all the rage,

It's heard in every part of town,

And all our minds it does engage—

"Great weather, this; did you fall down?"

Perhaps you were a lucky one,

Who kept his footing in the sleet

To you it seemed like lots of fun,

When skyward shot some fat man's feet,

And all about the air was blue,

And he was blue from heels to crown;

And to his aid you swiftly flew,

And grinning, asked: "Did you fall down?"

Now some will fall and some will rise,

If this bad weather lasts awhile,

But he who should receive a prize

Is he who falls and still can smile,

And calmly rises to his feet

And not hand out a threatening frown,

If some friends him should greet

With, "Hello Bo, did you fall down?"

GOOD FELLOWS DO WORK WELL

Largest Number of Children Ever
Cared For on Christmas Day Were
Remembered This Year.

NEW MEMBERS IN THE LEAGUE

They Make Possible Better Gifts in
Spite of Fact That More Little
Folks Are Needy.

The Good Fellows League did a better job of spreading Christmas cheer this year than ever was done in the history of Rushville, is the opinion of those who are in touch with the situation.

Best estimates of the number of children remembered by the members of the Good Fellows League place it at three hundred. This is a larger number than ever was cared for on any Christmas in Rushville. There were more children without prospects of any Christmas cheer this year, the records show now, and this was in accordance with early predictions.

The Elks lodge was a new member of the Good Fellows League this year and contributed more than any other organization or body of individuals to make the poor children of the city happy. They did not deliver any gifts until yesterday morning because they took more names the day before Christmas and by the time they had called on them and found their wants, they had no time to deliver before Christmas day.

The fact that the Elks came to the front so nobly and that the Tri Kappas were Good Fellows to a much larger number than they were before even though the number was the largest on record. The Tri Kappa sorority alone filled the Christmas wants of sixty children. The girls systematized the work by forming committees to buy, wrap and deliver so that no great amount of work fell on anyone's shoulders.

Much credit, too, is due to the members of the Psi Iota sorority. They announced early before Christmas that they had no funds to help poor little folks because they were too much occupied with selling Red Cross Christmas seals here in Rushville, but that they were willing to do

FRANK REYNOLDS' FATHER EXPIRES

Edwin Reynolds, Pioneer of Henry
County and Resident of
Straughn, Dies Christmas Eve.

FUNERAL SUNDAY MORNING

Edwin Reynolds a pioneer of Henry county, and for over 40 years, a resident of this place, was taken suddenly ill Christmas eve and died in a very short time apparently stricken with paralysis, with which he had been afflicted for more than 17 years. He had recovered to a remarkable extent, and until a month ago, was able to get about and mingle with friends. Frank Reynolds, of this city was his only son. He was about eighty years old.

About Thanksgiving time he suffered a recurrence of the paralytic trouble in a slight stroke, but had recovered from this, to the extent that he was in good spirits and Thursday conversed and joked with the family in his usual pleasant mood, accepting at the supper table Christmas eve, a bouquet of flowers sent by the Knights of Pythias, and which he appreciated very much tendering his sincere thanks for same to the bearer. The funeral will be held at the Christian church, Straughn, Sunday morning at 10 o'clock. Burial in Lewisville cemetery.

Mr. Reynolds was also the step-father of Mrs. Anna B. Cox of this city and Marshall Starr, who is well known here. Mr. Reynolds was at his father's home to spend Christmas when he died.

HE TOOK A KNIFE TO BED WITH HIM

Tim McGrath Said he Was Afraid to
go to Sleep Without Protection—
Mayor Didn't Believe It.

WIFE'S CHARGE AGAINST HIM

Tim McGrath took a knife to bed with him Christmas eve because as he explained it to Mayor Bebout this afternoon, he didn't want to sleep with the door and windows open in "that end of town" without some protection. His explanation was not received by Mayor Bebout and Tim went to jail for eleven days to lay out a fine of one dollar and costs for drawing deadly weapons.

The charge against McGrath was filed by his wife, who claimed he threatened to "cut up" on her. Mrs. McGrath said she was afraid of Tim and fled the charge. Tim admitted that he had been drinking. McGrath and his wife have had more or less trouble for the past year and as Tim was being led out of the court room said: "Till bet you never see me back there again," meaning his wife's home.

Hundred Indictments.

(By United Press.)

Terre Haute, Ind., Dec. 26.—Mayor Donn Roberts, Circuit Judge Redman, Sheriff Shea and City Judge Smith surrendered to the federal authorities here today, making the list of arrests on federal indictments charging conspiracy to corrupt an election now number sixty-five. United States Marshal Storen arrested forty-six Christmas night. More than one hundred indictments have been returned.

Denny Shea, sheriff of Vigo county, surrendered to Marshal Storen here today when he heard that there was a capias out for him. United States Marshal Storen and fifty deputies and guards sworn in for the purpose arrested forty-six men on charges that, when stripped of technical verbiage, mean they conspired to corrupt the last election and thus violated the United States laws.

Christmas night the federal authorities had arrested nineteen men by midnight. It was said at the time by the authorities that this was only the beginning as there were about one hundred arrests to be made as the result of the grand jury investigation. The first nineteen arrested were:

Otto Trappier, Edward Ethington, Henry Nolton, Charles Yackle, Ed Merritt, David Hanna, Joseph Jeffers, John Burns, John Daily, Thomas McCarty, William Moore, Paul Dennis, Henry Bennet, Luscoe Baker, George Rouse, John F. Nugent, John W. Robes and Blankets

I want to make room for other goods and I must sell these at Reduced Prices on these goods.

Blankets and Robes

The finest Robes in the city of Rushville. These Robes are direct from the mills at Philadelphia. No jobbers ever handled these goods, so you will get them clean and I am going to give you a small cut on them for the next 30 days—Time or Cash. Sam Young says I am a darn fool for cutting goods like these. I have been in business myself for the last sixty years and in all this time I never looked on a nicer lot of goods than J. W. Tompkins has in his store, south of the court house. If you want to look at them come in my store and look them over and receive a present whether you buy or not. Everybody in Rush county knows Sam Young to be a straight hog buyer and will tell you the truth. Sometimes I don't blame Sam if he does this for any gain to himself. Sam is smarter than the balance of buyers I know of. He loses on every load he ships and always has plenty of money—Something wrong, Sam.

Closed Winter Buggies

The finest line of Closed Winter Buggies that ever was in the city, and I want everybody to come and look at what I have in stock. I have the price and I have the goods. Can sell on time or cash.

The Best Guarantee You Can Get

with any article is the Unwritten Guarantee. The guarantee that years of satisfactory service has made. If you want a flowery guarantee written with gilded ink on fine bond paper, buy a fraud. If it is necessary for the fraud to guarantee you a lot of richly painted stuff in order to get your business. Do you want a guarantee with a Stetson Hat, A Singer Sewing Machine or a Packard Automobile? No, you don't. Why? Because you know these articles are right and always have been, and if you were to buy one of these articles that was wrong it would be made right without any argument. Nice satisfactory way to do business ain't it? Do you know of any one with one of our buggies that is not satisfied, that thinks he got a dirty deal, that thinks he paid for something he didn't get, or thinks we are rough to do business with? If you know a man of this kind we want to see him because every buggy we sell has to be satisfactory. That is why your neighbors buy their buggies from us. They know—they have had the experience and realize the fact that buying their buggies from us means satisfaction. We have a nice line of **STORM BUGGIES** for you to make a selection from and want you to see them before you buy them. If you buy one of our buggies you will be a satisfied customer the rest of your life. Watch our satisfied customers make our Buggy business grow.

The Mystic will show a two reel Selig drama "A Dream Girl" for the first picture tonight is said to be a sensational picture. The other is a Vitagraph comedy entitled "Latty's Sweetheart." Hughie Mack is featured. On next Wednesday the big feature with Evelyn Nesbit Thaw entitled "Threads of Destiny" will be shown.

On Monday evening, Dec. 28, "Kitty MacKay" the greatest comedy success of last year in New York, and direct from a two months' engagement at the Princess Theater, Chicago, will begin a short run of three nights, with a popular priced "Souvenir" matinee on Wednesday, Dec. 30 at the Murat theater, Indianapolis.

This is William Elliott's original production of Catherine Christolm Cushing's mirthful romance, which was first presented at the Comedy Theater in New York at New Year's; the company is the same, and is headed by Molly McIntyre.

Mrs. Cushing's play is a refreshing interlude in the discordant jangle of sex-drama, plays of oppression and graft, and plays for the mad race for power. Metropolitan critics enthusiastically reviewing the play and performance, declared that "Kitty MacKay" was nothing less than a new Cinderella, of the fairy-tale in a new guise.

"Kitty," a waif is adopted by a narrow minded and selfish Scotch family, grows to a beautiful and healthy majority despite many blows, more curses, and the lack of all luxuries and most of the necessities of life. In this period of childhood oppression, however, she achieves the practical and at moments pathetic philosophy which carries her through all her bitter years and steels her heart as well against the more insidious but equally certain influence of ostentatious prosperity.

Mrs. Cushing has evolved suspended interest of the most absorbing nature in her treatment of this story. It is a love story which for sincerity and charm has few equals in modern drama. To every woman attending the Wednesday matinee at the Murat the occupying an orchestra seat, a beautiful "Souvenir" of the play will be given with the compliments of the management. At this performance popular prices of \$1 for the best seats in the house will prevail.

MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back Hurts or Bladder bothers—Meat forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in uric acid so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

Gee! But it Makes Your Face Feel Good

Begin this treatment today. Steam your face well, rinse with cold water, dry with soft towel and apply Labelle with soft, damp sponge. First application will make your skin fresher and clearer. Make it a daily habit and notice decided improvement.

REPUBLICANS IN FINE POSITION

Their Gains in Last Election Carry
Party into Strong Place in Ind-
iana Especially

THIS MEANS MANY INSPECTORS

Peculiar Situation in Wayne County
Because of Make-up of County
Commissioners.

Interesting statistics showing the remarkable gains made by the republicans at the November election in the matter of the number of township trustees elected throughout the state have been compiled by L. W. Henley, secretary of the Republican state committee.

The statement shows the total number of voting precincts in each county, the number of townships, the number of Republican trustees elected, the number of Democratic trustees, and the number of Progressive trustees. It also shows how many election inspectors the Republicans, Democrats and Bull Moose will have at the 1916 election.

At the recent election 427 Republican candidates for township trustees were successful at the polls, 549 Democrats and 37 Progressives. The office of the trustee in one township in Sullivan county is still in doubt as a contest is pending. The Republicans elected township trustees in every county in Indiana, with three exceptions, and the Democrats elected trustees in all except two counties. The Republicans were shut out in Adams, Blackford and Boone, while the Democrats were shut out in Vermillion and Union.

It was a "dag fall" between the Democrats and Republicans in Cass, Clinton, Dearborn, Jefferson, Miami, Monroe, Pulaski and Rush each party obtaining half of the trustees. The Republicans made their greatest showing in Kosciusko and Laporte counties, electing 14 out of 17 trustees in the former and 14 out of 21 in the latter. The Democrats elected 15 out of 20 trustees in Allen county.

For the first time in the history of the county, Franklin will have a Republican county superintendent of schools. In Fayette and Hamilton a Progressive trustee will hold the balance of power when the time arrives to select a superintendent of the county schools.

Since the election several of the trustees who were elected as Progressives, publicly announced their return to the Republican party. The lone Progressive elected trustee in Vigo county the next day after election, announced that he was again a Republican.

Township trustees, by virtue of office, act as election inspectors in their home precincts. The remaining election inspectors are chosen by the board of county commissioners. At the election in 1916 the election inspectors will be divided as follows:

Democrats, 1,948; Republicans, 1,164; Progressives, 37.

It is impossible at this time to determine the political affiliations of forty-nine election inspectors who will serve at the 1916 election in Wayne county, as the board of county commissioners in that county at that time will consist of one Republican, one Democrat and one Progressive.

Bia Writes: "I have a bad cold in my throat. What shall I do for it. Please? Also, by what means can I break up a cold in its infancy next time? What about quinine? Is asperin good?"

Reply—The way to cure a cold is not to have a cold. This is not a paradox. I mean that we catch colds because we do not take care of ourselves. You can cure a cold by living much in the open air, eating plain food, keeping the bowels open and living rationally. The only way to break up a cold in its infancy is to get plenty of fresh air and otherwise conduct yourself as just stated above. Don't take asperin. It is a heart depressant and will do you harm. People everywhere are taking asperin for colds, nervousness, etc., and mark my word, this universal taking of asperin will increase the number of cases and deaths from heart disease. Quinine is not good for colds, except as it might make an impression upon one's mind. If you take quinine and think you are getting better on account of it, that will be some comfort, but the cold is not affected. Nearly all colds

are self-limited, that is they get well of themselves. If you have chronic catarrh or constant trouble with your throat, I advise you to consult a good nose and throat specialist.

Nora Writes—"Can you suggest a way to remove blackheads from the face? What causes them, please?"

Blackheads are coagulated lymph which fills up large pores in the skin. They are evidences of poor health. The disfigurement due to them can be much relieved by pressing them out and rubbing over the region a lotion as follows:

Lime water 7 drams, Calomel 5 grains, Carbolic acid, 5 drops, Glycerine to make one ounce.

Be sure to tell the druggist to put these articles together in the order named as this make a very great deal of difference. The reason you have blackheads is because your metabolism is meant the building up and tearing down processes of the body. You are not nourished properly. You do not get enough air.

AUTO MYSTERY
IS UNSOLVED

Big White Touring Car Visits
Seymour for Third Time But
Occupants are Unknown

MEN WANT GIRLS TO JOY RIDE

Attempted to Entice Them Into Ma-
chine and in One Case Used
Force But She Screamed

(By United Press.)

Seymour, Ind., Dec. 26.—For the third time the "auto of mystery" has visited this city but the police have been unable to ascertain the names of its occupants or its mission here. It is a big white touring car and is always closely curtained. It appears upon the streets about dusk just before the street lamps are lighted and has never been seen during the day time or after the streets are illuminated. On each occasion one man occupies the rear seat and the other is in charge of the wheel. The car does not belong to Seymour and its occupants are strangers here.

Each time the car has been in the city the men have endeavored to entice young girls to ride with them. The man in the rear seat is always the aggressor and after the machine is driven past a young lady several times so that her attention is attracted the man politely doffs his hat. The machine is then stopped close to the curb and the invitation to take a ride is given the girl. One young lady who was approached refused and the men endeavored to force her into the machine. She screamed and was then released. The machine was rapidly driven away. Although many girls have been stopped none of them have consented to ride.

It was reported that the machine was also seen at Columbus but the police there say they have no reports of any girls being stopped. The local officers have not been able to find out where the machine or its occupants remain over night and it is thought that after each visit they leave the city immediately. The number of the car could not be seen by any of the girls who were stopped.

HEALTH BOARD
WANTS CHANGE

Radical Law is Proposed And May
Come Before Session of State
Legislature

STATISTICS ARE PREPARED

Want 103 All-Time Trained Officers
Instead of Present System With
533 Men

(By United Press.)

Indianapolis Dec. 26.—With the Indiana state legislature about to convene, the state board of health is prepared to ask for a radical change in the state's method of fighting disease. Statistics compiled in the office of the state board of health and transformed into money values on the basis that a life is worth \$5,000, the average court value, are startling. They show that the loss through preventable disease in one year is approximately \$57,000,000. The state board declares that to master the situation, a large corps of trained men who give their whole time to the work, should supplant the county health officers who are poorly paid and give part time.

"Give us 103 all-time trained health officers in the place of 533 part-time untrained ones now employed, then, at practically the same cost, we will save four or five thousand lives annually and prevent a proportionate amount of sickness and disease. The money saving will be not less than \$10,000,000 annually," says a statement prepared by the state board.

Quoting Disraeli to the effect that "The care of the public health is the first duty of the statesman," the board cites a few of the statistics. The deaths from preventable diseases in 1913 were by actual count 11,539. The average court cost of a human life is \$5,000. Then the loss in that year was \$57,685,000, the board reasons.

"Hygiene can prevent 70 percent of these deaths, hence we permit 8,000 unnecessary deaths annually in Indiana. This is a shameful loss equivalent to the destruction of one city like Connersville, or Valparaiso or two cities like Boonville and Tip-top," says the statement. The savings possible to the state are, then \$43,283,500, according to the board.

The statement then takes up sickness that is preventable and says that there were 115,960 cases of preventable disease which recovered. If each case cost \$10, a low estimate, then a further cost and loss of \$1,253,900 appears. The total annual loss to Indiana through preventable disease is then placed at \$44,398,900.

"This is an awful loss," the statement continues, "and incompetency only can explain it. But let us discount it to satisfy any carpet who might object. Instead of estimating the loss at \$44,398,900 just call it \$20,000,000, although a banker and two business men all widely known said not to do so.

"To save \$20,000,000 or even \$1,000,000 is certainly worth while. Shall an effort be made, or shall we permit the loss to continue?"

The plea is then made for the corps of 103 trained men to work under the state board's direction and to give their entire time to the prevention of disease.

The state board of health calls upon the good citizenship of the state to use its influence in this "safety first" idea in order that disease prevention may be placed on a systematic basis.

Close at 6 O'clock.

Sea Fight is on.

DRESDEN SAID TO BE IN IT

(By United Press.)

Buenos Aires, Dec. 26.—No confirmation had been received here early today of wireless reports from the Chilean torpedo destroyer Tonia that a battle was fought twenty miles off Valparaiso between the British cruiser Newcastle and German vessels. One of the German ships, it was stated, was supposed to be the Dresden. The wireless report was based upon firing which was heard by officers of the Tonia. Chilean reports today declared that the presence of a Japanese fleet in the Pacific off the west coast has been confirmed.

by Judge Anderson to reject or approve bonds for the men. The bonds were fixed by the Federal judge and range in amount from \$2,500 to \$10,000. The squads of deputies enlisted by the marshal began their search for the men named in the indictments shortly after 6 o'clock in the evening, the plan of action having been carefully mapped out.

Charges against the men for whom warrants were issued are sensational. It is alleged that they violated the Federal statutes by interfering with an election at which candidates for United States senator and representative were elected. The indictment charges that the men conspired to vote men who had no right to vote, that they used the mails illegally in soliciting a "slush" fund, and that they conspired to keep qualified

voters away from the polls. The arrests are the result of a long investigation by the Federal Grand Jury, and it is expected that the trial of the men under indictment will develop startling details.

The indictment returned against the Terre Haute politicians contains a general charge of conspiracy based on four counts. The charge against each man is the same but the indictment charges various, over acts of the alleged conspiracy to different persons.

The Federal authorities took cognizance of the situation at Terre Haute on account of reports of wholesale fraud in the notorious tenderloin district there. The government stepped in because of the charge that there was an interference with the rights of people who presented themselves to cast a vote for candidates for the United States Senate and the House of Representatives.

The indictment covers about 200 closely typewritten pages and contains a startling story. District Attorney Daily would not give out any of the evidence obtained by the grand jury, but it is known that many of the witnesses made confessions implicating themselves and others.

It is said that several of the alleged gangsters arrested and brought here in November on the charge of interfering with the election at Terre Haute made confessions to District Attorney Daily and the grand jury before they were admitted to bail. It is said also that men connected closely with the Roberts machine at Terre Haute hastened to the grand jury and confessed when they heard it intimated that the jury was about to return many indictments.

CLOCK'S WORKS ARE FROZEN UP

Cold Weather Affects Timepiece on Court House and Delays Hands For About Ten Minutes.

IS EXPLAINED BY CUSTODIAN

Cold Wave is Little Late in Arriving But it Finally Gets on Job—Christmas Day Cold.

The court house clock was eight minutes slow to the dot this morning and caused a number of persons to miss trains and I. & C. traction cars. Joe Dickman, custodian of the court house, explained that the loss of time was due to the cold weather. He recalled that there had always been considerable difficulty in regulating the clock in the winter when the temperature was down low. He says that the oil on the clock freezes and retards the works of the clock. Mr. Dickman says that custodians in the past have had the same difficulty.

It has been suggested to Mr. Dickman that he arrange some way to heat the glass room which encloses the clock. The little room is about six feet wide eight feet long and seven feet high. He was asked to place coal stoves there but he thought that would be dangerous.

Another suggestion regarding the heating of the room which houses the clock was made this morning. A Rushville business man asked if it would not be possible to run a pipe from the nearest point on the steam heating system in the court house to the room and thus prevent the works of the clock from freezing. It is generally believed that not another safe method could be suggested.

That the court house clock be kept correct is very important as a great number of persons depend on it for their time. In one sense of the word, the court house clock is Rushville's clock, by which Rushville, goes to bed, gets up in the morning, eats meals and catches trains. For it to be as much as five minutes behind time may cause a large number of people great inconveniences.

For this reason the question of heating the clock room will likely be called to the attention of the county board of commissioners for their consideration. But while the clock was freezing up, it had nothing on most everything else, in Rushville. Most people, when they arose from their warm beds this morning, were certain in their own minds that this morning was the coldest of the winter. But when they looked at the thermometer they found they were mistaken. 10 degrees below is the low mark of the winter and this morning the lowest temperature reported was six below zero.

The weather man predicted a cold wave for Christmas day. The wave was on the way all right but it did not arrive until last night. There was not a very great change in temperature Christmas eve but Christmas morning it began to get colder and there was a steady decline in the temperature all day long. By eleven o'clock the mercury has descended to nineteen degrees above zero and was still going down and last night at seven o'clock the temperature was near zero.

Christmas day was generally celebrated in the homes of Rushville and not many people ventured out of doors because of the extremely cold weather. There were no special services at any of the churches.

The regular meeting of the Young Peoples Bible Class and Social Club of St. Paul's M. E. church will not be held next week.

The Hannigan Christian church has called E. B. Seofield to preach there the first and third Sundays monthly during 1915. He will occupy the pulpit the first Sunday in January, both morning and evening. Everybody is cordially invited.

The St. Paul's M. E. Sunday school will distribute its Christmas treat to the children tomorrow morning. All children enrolled in the school are urged to be present.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's recipe to bring color, lustre and thickness to hair when faded, streaked or gray.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage-Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggy, just an application or two of Sage and Sulphur enhances its appearance a hundredfold. Don't bother to prepare the tonic; you can get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair. Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.
